Anecdote of Guſtavus Adolphus, *King of* Sweden.

GUSTAVUS happening at a public Review to have ſome Diſpute with Col. Seaton, an Officer in his Service, gave him a Blow; which the latter reſented ſo highly, that when the Field Buſineſs was over, he repaired to the King's Apartment, and demanded his Diſmiſſion, which his Majeſty ſigned, and the Colonel withdrew not a Word being ſaid on the Subject by either Party. Guſtavus, however, having coolly conſidered the Matter, and being informed that Seaton intended to ſet out the next Morning for Denmark, he followed him, attended only by an Officer, and two or three Grooms. When his Majeſty came to the Daniſh Frontiers, he left all his Attendants except one Groom; and overtaking Seaton on a large Plain, he rode up to him, ſaying, "Diſmount, Sir; that you have been injured, I acknowledge: I am now come to give you the Satisfaction of a Gentleman, I am now out of my own Dominions; Guſtavus and You are Equals. We have both, I ſee, Piſtols and Swords; alight immediately, and the Affair ſhall be decided." Seaton recovering from his Surprize diſmounted, as the King had already done, and falling on his Knees, ſaid, "Sire, you have more than given me Satisfaction, in condeſcending to make me your Equal: GOD forbid that my Sword ſhould do any Miſchief to ſo brave, ſo great, ſo gracious a Prince. Permit me to return to Stockholm, and allow me the Honour to Live and Die in your Service." The King raiſed him from the Ground, embraced him, and they returned in the moſt amicable Manner to Stockholm, to the Aſtoniſhment of the whole Court.

LONDON, *May* 17.

WE hear that on Wedneſday laſt his Grace the Duke of Grafton reſigned his Place of Secretary of State.

A Letter from Dunkirk, dated May 10, ſays, "The Minute Mrs. Ogilvie arrived at this Place, ſhe ſet out in a Poſt-Chaiſe for Berges, a Town two Leagues from hence, and there employed the Miſtreſs of the Auberge to buy her ſeveral Articles neceſſary to the Apparel of a Woman. There ſhe ſtayed ſome Days, and behaved with much Humility and Good-Breeding. To what Part of the World ſhe is now gone, is not known: The Servant that attended her to Dover and Graveſend, did not come over with her: The Servant ſhe now travels with is a Frenchman. She had a Letter of Recommendation to a Scotchman, now living at Dunkirk, who conducted her himſelf to Berges."

On Wedneſday died, aged near 80, at her Houſe in Bull-court, St. Giles's, Margaret Caſſody, who had acquired upwards of 1600l. by keeping of Twopenny Lodging-houſes.

It is talked, that the Duties on Cotton Wool imported will be diſcontinued; and that an additional Duty, of Three Shillings per Piece will be laid on all French Cambricks and Lawns, exported to the Plantations.

There is alſo a Report that an additional Duty of Sixpence per Gallon will be laid on all ſingle Brandies or Spirits imported, and alſo an additional Duty of One Shilling per Gallon on all double Brandies, or Spirits imported; and that a Duty of Sixpence per Gallon will be taken off all Rums imported from the Plantations.

Yeſterday the Court of Common Council at Guildhall, gave a Benefaction of 400l. to the Sufferers by the Fire at Montreal.

May 29. General Lally, who ſuffered lately, was born in France, his Father was an Iriſh Gentleman, Commander of the Iriſh Brigade in the French Service, and was very much reſpected by that Court. The unfortunate Count had a Captain's Commiſſion made out for him as ſoon as he was born.

Amongſt other Complaints ſent over againſt a certain Britiſh Governor abroad, he has been accuſed of having diſſolved more General Aſſemblies in three Years, than had ever been done by any of his Predeceſſors in Ten.

Extract of a Letter from Tewkeſbury, May 24.

"A Droll kind of Contract was lately made at Bredon, near this Town. The Wife of one Stanley of that Place, about ſix Years ago, having been either Stolen or Strayed from her Huſband, was taken up near London, by one Cliſton of Brentford. The honeſt Man led her home to his Houſe, and CHERISHED her, and ever ſince dwelt with her ſo cordially, that ſhe brought him Three fine Children. But about two Months ago, ſome Qualms of Conſcience ariſing in his Mind at living in open Adultery, he ſet out on a Pilgrimage to Breedon to accommodate the Matter with the Huſband, and to make him ſuch ample Compenſation as he might imagine his great Injuries deſerved. Content is generally the Lot of Cuckoldom. The Huſband received him with Civility, and entertained him with Kindneſs; and, for the valuable Conſideration of a Dozen of Ale, conveyed to his Rival all Right, Title, and Property which he had ever poſſeſſed over the Perſon of his dearly beloved Spouſe.——I juſt now ſaw the Covenant between them; and the Fact is known to all the Country."

It is ſaid, that ſince his Majeſty gave his Royal Aſſent to the Bill for the greater Encouragement of the Silk Manufacture, there has not been one ſingle Loom unemployed in Spital Fields.

May 31. They write from Paris, that a Parrallel is drawn there between the Fate of Admiral Byng, and Lieutenant-General Lally; and that in all Converſations where thoſe two unhappy Perſons are mentioned, the uſual Obſervation is, that the reſpective Miniſters can tell beſt why they ſuffered.

June 3. The King of Spain has granted a Penſion of 8000 Piſtoles to the Marquis de Squilace, and another of 2000 to his Lady.

It is aſſerted, that there will be two free Ports opened in the Weſt-Indies, and two upon the Continent of America, under certain Reſtrictions.

June 5. It was Yeſterday thought by many, that the Parliament would ſet for a Fortnight longer; but it is this Day fully expected, that his Majeſty will put an End to the preſent Seſſion To-morrow.

By a Veſſel arrived at New-Providence from the Havannah, there was Advice, that the Spaniſh Troops and Garriſon had mutinied on the Arrival of the new Governor and inſiſted on all Arrears of Pay and Proviſions being cleared off, which having been complied with, they returned to their Duty.

They write from Hamburgh, that the Merchants there are very uneaſy on Account of the Reſolution taken by the King of Pruſſia, for raiſing the Duties upon all Wines imported into his Dominions from that City, as ſuppoſing it will be a great Blow to their Commerce.

It is remarkable, that on his Majeſty's Birth-Day, there was not one ſingle Article of French Manufacture to be ſeen in the magnificent Dreſſes with which the Nobility appeared at Court.

The Bill for the American free Ports lies ready for the Royal Aſſent.

It is thought, that one of Count Lally's principal Crimes was, being immenſely rich, as he died worth Two Millions Sterling, which the French Government have ſeized for their own Uſe. A great Number of their Nobility, diſguſted at his unfortunate Exit, have retired from Court.

We are told, that ſome Buſineſs of great Importance is negociating at Berlin; for in the defenſive Treaty concluded between Great-Britain and the King of Pruſſia before the late War, the contracting Parties, agreed, that, in Caſe they were obliged to take Arms, they would neither of them make Peace without the other's Conſent. This Treaty, it is notorious, was broken without Ceremony by the Engliſh. Upon which the King of Pruſſia ſays, that, by the Law of Nations, he is intitled to Part of our Conqueſts in America, for when two Princes make a War in Alliance, the Conqueſts from the common Enemy, by which Party ſoever acquired, becomes the Property of both, juſt as the Loſs or Gain of two Perſons in Commerce. Accordingly the King of Pruſſia repreſented to the laſt Miniſtry, that while he gained nothing but Blows, we had no Right to run away with all the Profits of the common War, and therefore he ſolemnly demanded ſome Part of our Conqueſts, either Dominica, Tobago, or others; or elſe as Hanover lies at his Elbow, if England does not do him Juſtice, he will do Juſtice to himſelf. The Conſequence of this Declaration was, the late Miniſtry moved out and the preſent Miniſtry moved in. As Mr. PITT reſigned becauſe the Treaty with the King of Pruſſia was broken, it was thought, that by bringing him in again, we ſhould be able to make Peace with the Pruſſian Monarch, and for a Sum of Money induce him to relinquiſh his Pretenſions to ſome Part of our Conqueſts; but whether this Scheme will ſucceed or not does not yet appear; and is now upon the Eve of Determination, Poſſibly, if the Earl T----e and Mr. PITT were to accept, the King of Pruſſia would, in Compliment to them, relinquiſh all Pretenſions in the Weſt Indies, as they ſeem to have been made more in order to diſconcert the Meaſures of Lord B---, than out of Intention of detriment to Britain. But, if we may judge from Appearances, the Miniſtry are afraid to lay the Pruſſian Demands before the Parliament. We ſee that one ſpirited Nobleman has reſigned; and as, from the Office of the Northern Department, all theſe Negotiations muſt have paſſed through his Hands, he has, in all Probability, reſigned becauſe he would not venture to ſign his Name to the Pruſſian Articles of Accommodation. The great Commoner, foreſeeing the Storm, has retired to Bath that he may not again be accuſed of Continental Connections; and others of the Miniſtry, it is ſaid, ſtand upon the Tiptoe of Reſignation.

A Courier has been diſpatched to Madrid, with Diſpatches to the Earl of Rochford, directing his Excellency among other Things to communicate to the Miniſters of his Catholic Majeſty the Regulations which have been made by the Miniſtry and Parliament of Great-Britain, for the eſtabliſhing ſeveral free Ports at Jamaica, Dominica, &c. in order that the Court of Madrid may give Advice thereof to the Governors of the Spaniſh Settlements in America; for the mutual Benefit of the Commerce of the Subjects of the two Powers.

In the Thirty-ſeventh Year of the Reign of King Edward IIId. an Act was made, that no common Whore ſhould wear any Hood, except ſtriped with divers Colours, nor Furs but Garments with the wrong Side outwards. If they were obliged to be as much diſtinguiſhed in their Dreſſes in theſe Days, they would make a fine Shew all along the principal Streets of London and Weſtminſter.

The Wiſdom in repealing the Stamp-Act is as evident to the meaneſt Capacity, if properly conſidered, as that two and two are equal to four; the good Conſequences whereof are; Commerce revives, the Manufacturers and Mechanics in their Numberleſs Branches are again following their honeſt Occupations; and Numbers of others, who were languiſhing for the common Neceſſaries of Life thro' want of Employment, are thereby made uſeful to Society. The Stagnation it would have cauſed in Commerce and Trade, and the Train of Evils that would have been conſequent on it, cannot be fully deſcribed, as no Perſon could have known where, when and how it would have ended. Imagination cannot conceive the Horrors of ſuch a Scene! Happy for this Nation then, and her Colonies, this Scene of Miſery has not been ſuffered to make its Appearance.

Edinburgh, May 3. Wedneſday laſt the Lady of Sir William Nicholſon of Glenbervy was ſafely delivered of a Daughter. What is very ſingular, Sir William is at preſent 92 Years of Age, and has a Daugher alive of his firſt Marriage aged 66. He married his preſent Lady when he was 82, by whom he has had now ſix Children.

SAVANNAH (in Georgia) July 2.

The Commons Houſe of Aſſembly have voted their Thanks to Charles Garth, Eſq; for his important Services in ſoliciting the Repeal of the Stamp-Act, and ordered that the Speaker acquaint him therewith by Letter, deſiring alſo that Gentleman to return the Thank of the Houſe to the Duke of Grafton, Earl of Shelburne, Marquis of Rockingham, Lords Dartmouth, and Camden, Secretary Conway, Mr. Pitt, Col. Barre, and ſuch others as were active in procuring the Repeal of that Act.

July 9. *We learn from Auguſta, that the Creek Indians have gone to War againſt the Chactaws, and ſome of both Nations have been killed. The*

Chickesaws, we are told, seem inclined to assist the latter.

CHARLES-TOWN (So. Carolina) *July* 1.

His Majesty's Ships and Sloops of War, which have now been about the usual Period of three Years on the North-American Station, have received Orders to proceed to Great-Britain, and are to be relieved by a Fleet of 36 or 40 Sail.

July 8. In the Tax-Act, the Sum of Seven Thousand Pounds is granted for procuring from London, a STATUE of the Right Honourable WILLIAM PITT, Esq; to be erected in this Province.

July 15. In the Beginning of May last, as one Welch, an Indian Trader, was going from Fort-Prince-George to the Sugar-Town, in the Lower-Cherokee Country, with his half-breed Daughter and her Child, they were set upon by some Northward Indians, who killed and scalped Welch and the Child, but the Woman, being on Horseback, got back to the Fort, though not without being wounded by several Darts the Enemy threw at her in their Pursuit.

About the same Time, one Mr. Boyd, a Trader, from Virginia, with two of his People, named Fields and Bourke, were found murdered near Broad-River, on the Road from the Upper-Cherokee Country to Virginia. Mr. Cameron, the Superintendant's Deputy, who arrived in the Upper Towns May 25th, applied to the Chiefs for a Party to go to the Place where Mr. Boyd's Horses were found, in order to search for and bury his Bones; they readily granted his Request, but the many Tracks of the Enemy obliged the Party to return. The Friends of those Indians who were assassinated last Year in Virginia, have frequently dropt Threatnings of Revenge against the Virginians in general on that Account, and though the Cherokees, to a Man, firmly deny their having any Hand in the Murder of Mr. Boyd and the other two, yet there are those who strongly suspect them.

They write from Augusta, that a Body of 200 Creek Indians was gone out against the Choctaws. The same Letters add, that the Creeks express strong Suspicions that the English have spirited up the Choctaws to break with them, which, they say, is contrary to Treaty, and all the Talks of the Great King, delivered to them by his beloved Men.

We are sorry to hear, that the Wheat Planters in the Back-Settlements, on the Western Frontiers, who are not an inconsiderable Number, and most of whom place their whole Dependance on the raising of that Grain, are very great Sufferers this Year, many of them loosing their whole Crop, by the Rust.

On the other Hand, those that have planted Hemp, have in general succeeded so well, that it is certain a very great Quantity will be brought to Market for Exportation, so that this Commodity promises fair to become another valuable Staple.

Madder has lately been planted, and, it is said, will produce to Advantage. In short, there are few Things that may not be brought to Perfection here, with a little Pains and Industry; for it is but a few Years since, that scarce a good Cabbage, Turnip, Beet, Carrot, or Irish Potatoes, could be found in our Markets; but now they are raised in such Quantity and Perfection, that none of the two last Articles need be imported again.

July 22. Letters from West-Florida, express some Suspicions that the Choctaw and Creek Indians, are about to make up their Differences; and that their Union will not be very favourable to the British Interests in that Part of the World.

The Number of Spaniards arrived at New-Orleans did not exceed 100 about the Beginning of last Month; and none of the French had left the Place. More Spanish Troops were daily expected.

NEW-YORK, *August* 7.

George Henry, a private Soldier of the 28th Regiment, in Capt. Skene's Company, being one of the Guard appointed to escort some Provisions for the Soldiers sent to suppress the Rioters in Dutchess County, who, as he was on the Road, near Mr. Robinson's Store, suspecting no Danger, was fired upon by three Men, who had been observed to follow the Escort, and was badly wounded in the right Knee by a Musket Ball, and sent down to the Hospital at New-York; after languishing from the 28th of June, till the 27th of July, the Wound being mortified, his Leg was cut off about six Inches above the Knee; he survived the Operation till Friday, the first of August, and then died. The Coroner's Inquest brought in their Verdict, *Wilful Murder by Persons unknown.*

On Thursday Evening, Mr. Thomas Parsels, who lived on, and owned Part of an Island called Parsels's Island, and it is supposed attempted to swim on Horseback a-cross the River to his own House, as he had several Times said that he could and would do so, and the Horse had often swam over of his own accord. The Saddle was found hung up near the Shore, but he and the Horse were missing till Monday Night, when the Man's Body was found floating at Hell-Gate, the Horse has not been heard of since.

We hear from Duchess County, that the Grand Jury had found a Bill of Indictment against Penderghast for High Treason, and that he was to have his Trial Yesterday.

The Duke of Richmond, is appointed Secretary of State, in the Room of the Duke of Grafton.

From the DOMINICA GAZETTE.

CHARLOTTE-TOWN, June 25.

We hear that Admiral Pye, in his Majesty's Ship Lark, arrived at Antigua, on Sunday the 8th Instant, and that he intends very soon to make a Tour round the Leeward and Southern Caribbee Islands.

On Thursday Evening passed by here, four French Ships of War, viz. two of the Line, and two Frigates, supposed to be the same which were equipped at Brest in March last, and destined to carry Provisions and Warlike Stores to America. On board one of these Ships, it is said, is Prince Maubazon, who is going to St. Domingo, in order to take Possession of that Part of the Island now inhabited by the Spaniards, and which his Catholic Majesty has ceded to the Crown of France in Lieu of the Province of Louisiana: So that now the whole Continent of America is under the Subjection of the English, Dutch, Spaniards, and Portuguese.

BURLINGTON (NEW-JERSEY) *August* 4.

At a Court of Oyer and Terminer, held at Burlington on Wednesday the 30th Day of July last, came on the Trial of James Annin, aged 54 Years, and James M'Kinzy, aged 19 Years, on an Indictment for the Murder of two Indian Women, named Hannah and Catharine, who had long resided in the Neighbourhood of the Place where the Murder was committed. It appeared by their own Examinations, and by the Testimony of credible Witnesses, that they came to Moore's Town, in the County of Burlington, on Thursday the 26th of June last, about Noon, and begged for Charity, and obtained Relief: That while they were eating their Dinners, the two Indians who were murdered, came to the Place where they were, and that the youngest of the Men gave them abusive Language. That the Indians went off, and rested in a Wood, near the Side of the Road: That the one of them was possessed of a clean Shift, and the other of a Piece of new Linen, which they had that Day got: That about two o'Clock on the same Day, James Annin sold the Shift, and James M'Kinzy, the Piece of new Linen, and a Blanket, about two Miles from Moore's Town.

That they were parted by Accident, and that many People had seen the Indians lying in View of the Road, and supposed them to be asleep, till Sunday the 29th of June, when two Persons perceived a Stench, on going near the Bodies, found they were dead; whereupon the Coroner was called, whose Inquest found them to be murdered by Persons unknown. On this Alarm the two Criminals were suspected, and pursued. James Annin was apprehended, and committed to the Jail of Burlington, and the other advertised from the Description given by Annin, and in a few Days taken up by Order of the Mayor of Philadelphia, and sent to Burlington. The Examinations of the Prisoners, taken before they had an Opportunity of seeing each other, were read, and by each Examination it appeared, that they went to the Indians with Intent to ravish them, if they should refuse their Offers; each acknowledged that he was present at the Murder, but charged the giving the Stroke on the other, and acknowledged also the taking the Goods; in this they persisted at the Bar. The Jury soon found them guilty, and they received Sentence of Death.

On Friday Noon they were hanged at the Gallows; they continued in denying the Fact, and charging it on each other. The Elder declared, he thought it a Duty to extirpate the Heathens, and just before they were turned off, M'Kinzy, the younger of the Men, acknowledged, that one of the Indians, on receiving the Blow from Annin, struggled violently, and that he, to put her out of Pain, sunk the Hatchet in her Head, but that they were both knocked down by Annin. The youngest of the Squaws was near her Time of Delivery, and had Marks of shocking Treatment which the most savage Nations on Earth could not have surpassed.

A few of the principal Indians of Jersey, were desired to attend the Trial and Execution, which they did, and behaved with remarkable Sobriety.

NOTICE is hereby given to the preceding Subscribers for Lots of Ground, in a Plan laid out for a Town on FELL's POINT, *Patapsco* River, to pay their several Arrearages, or they will be proceeded against in the Courts of Justice (tho' much against my Inclination) but, as several Persons have subscribed and entered into Articles for Lots on said Point (thereby depriving others) the Rents thereon lie unpaid, and other Matters not comply'd with, I must take that Method to put such in Mind of what is Justice relating to such Engagements, unless timely prevented.

And whereas some Persons, from penurious Views, have been insidiously industrious in spreading a Report, that the Title to the Lots of Ground on said Point (in *Edward Fell*) was disputable, precarious and doubtful, in order to intimidate Strangers, and as much as in their Power prevent every one from taking or improving Lots on the Point; this is to give Notice to the Public, that the Subscriber will give Attendance on said Point, and will clear up the Title to every generous and unbiased Mind to be good. Other Means have been made use of to prevent the Settling of *Fell's Point*, as the Water bad (and better could not be expected) and the Point not healthy, *&c.* the former has been proved false to a Demonstration, and the latter the Inhabitants in the Course of last Summer can Answer to, how long they may be favour'd with better Health than their Neighbours, Time only can shew. There are several valuable Lots on the Point that have been heretofore subscribed for, which are now free from such Subscription, and will be Sold or Let to the first that offers, by a Power invested in the Executrix.

For Terms apply to JOHN BOND, for

The MARYLAND LOTTERY.

IT is thought proper that the Public should be acquainted with the Quality of the Land (lying in *Kent* County) which make a Part of the Prizes.

It is chiefly uncultivated, abounds with great Plenty of Stave, Plank, white and red Oak, and Ship Timber.

There is also a great deal of low flat Land, capable of producing Hemp, and making excellent Meadows; a large Range of flat Land for Cattle, Hogs and other Wood Stock; the Woods producing great Quantities of Acorn Masts; it lies convenient for the Head of *Chester* and *Sassafras* Rivers, and *Duck-Creek*.

Upon the Whole this Estate is capable of producing very great Profit to Persons who give the least Attention to the Improvement of Land. *Kent* is the Garden of the Continent, nay, there is not a County in the Dominion of *Great-Britain* superior to it.

The Scheme consists of Eight Thousand Tickets at Two Dollars each, all are Prizes, which will be delivered to the Adventurers at *New-York*, *Philadelphia*, *Boston*, and the Place of Drawing, *Annapolis*.

A few Tickets still remain unsold, occasioned by the late total Stop to Business and other Discouragements too obvious to be related, but now, the whole Empire is rejoicing on the Triumph of a most righteous Administration over the Enemies of *America*, the Proprietor hopes this Design will engage the Attention of the Public, and that the Sale of the Tickets will soon be compleated, as the Time for Drawing is at Hand.

The Scheme at large, and the Tickets are to be had of the Proprietor, *James Rivington*, at *Annapolis*.

*** The TICKETS are rolling up.

As he has been regularly bred to the above Branches, and the Work he has, being principally executed by Himself, the Public may depend on being served upon much better Terms than have hitherto been practised: And, as many LADIES and GENTLEMEN, are frequently obliged to be supplied from *England* with the above Articles, on Account of their Orders not being punctually complied with here; he assures all such as shall please to favour him with their Custom, that no Delay in the speedy and effectual Execution of their Commands, shall for the Future induce them to send Home: Therefore humbly Hopes for the Encouragement of the LADIES and GENTLEMEN of the Province; to Merit and Preserve which, shall be his constant Study, and greatest Ambition.
